## THE RAILROAD BILL SENT TO CONFERENCE

### Strong Opposition to the Rule by Democrats Reinforced by Republicans

#### They Were Reassured That Conferees Would Not be Allowed to Favor Pipe Lines, Express and Private Car Companies Without Authorization by the House.

Washington, May 25.—In the house of representatives today a question of veracity was raised between Mr. Cooper of Wisconsin and Mr. Hepburn of Iowa, over a conversation in which the latter is alleged to have participated with a member of the senate and in which, Mr. Cooper asserted, the member of the house and the senator referred to agreed that the so-called "express company amendment" to the railroad rate bill should not remain in the bill. Both Mr. Hepburn and Mr. Cooper were exceedingly angry and they glared at one another during their colloquy.

The house was turbulent during the consideration of the rule sending the rate bill to conference, the fear of many members being that the rule which disagreed to the senate amendments en bloc might have an influence on the conferees and give them an opportunity, if they so desired, to vote out the express company amendment, the amendment relating to pipe lines and the sleeping car amendment.

With the assurance that the wishes of the house would be considered on all the amendments the rule was adopted, twenty-five republicans voting with the democrats, taking the position that they would like to directly vote in favor of concuring in the senate amendments relating to the subjects named. After the rate bill was disposed of the remainder of the day was devoted to pension legislation.

#### THE SENATE.

Washington, May 25.—The senate today passed the agricultural bill, carrying an appropriation of \$7,800,000, without a word of debate or an objection from any source, and added to it as an amendment, the bill providing for the inspection of fresh meats intended for domestic consumption. The provision is along the general lines of the law for the inspection of meats intended to be shipped abroad, and the work is delegated to the bureau of animal industry. It requires that acceptable meats shall be labeled, and au-

thorizes the destruction of condemned products. The expense of the inspection is to be borne by the owners, and a fine of \$10,000 and imprisonment for two years are fixed as penalties for a violation of the provision.

A number of other bills were passed during the day. The sea level canal bill was made unfinished business of the day.

A message from the house declining to accept the senate amendments on the railroad rate bill was received, but the senate conferees were not named.

## TWO REBATERS ARE CONVICTED

#### The End of the Burlington Case at Kansas City.

Kansas City, May 25.—George L. Thomas, a freight broker, and L. B. Taggart, a clerk working for Thomas, in the United States district court here were late today found guilty of the charge of conspiracy to illegally give rebates to shippers. The jury considered the case only thirty minutes before arriving at a verdict. Attorneys for the defendants will file a motion for a new trial and the motion will be argued tomorrow. The court will not pronounce the sentence against Thomas and Taggart until the motion for a new trial is disposed of.

Geo. H. Crosby, general freight and traffic manager for the Burlington railroad, on trial for the same charge, was discharged, the court sustaining a demurrer alleging that no evidence had been presented to connect Crosby with the conspiracy.

The section of the revised statutes under which Thomas and Taggart are

Little Red Riding Hood came in one day.

"Do you keep Donofrio's Candy?" said she.

The clerk replied "There are others, you know, but this is made where the Cactus grow."

#### BERNHARDT IN A WRECK.

The Actress Makes Trouble for Railroad Company.

Mankato, Kas., May 25.—One of the trucks of a special train carrying Sarah Bernhardt and her company, broke two miles from here this evening, delaying the train several hours. No serious damage was done. A special carrying a hundred members of the Omaha Commercial club on an excursion through the state, was following, but was flagged in time to prevent a collision.

Bernhardt was wild with excitement and ran back and forth between her car and the locomotive. She demanded a new locomotive even after the derailed engine was placed on the tracks. She claimed the locomotive was hoodooed and refused to permit her train to go ahead. The railroad was blocked several hours. The tender of the locomotive of her train ran along the ties half a mile, the locomotive finally leaving the rails, but remaining upright.

#### SMOOT'S REMOVAL.

Unanimously Demanded by The Presbyterian General Assembly.

Des Moines, Ia., May 25.—At the opening session of the Presbyterian general assembly today, Commissioner Samuel Wishard, of Utah, presented a petition to the United States senate, praying for the removal of Reed Smoot as senator from Utah.

Amid scenes of excitement and demonstration without a dissenting vote, the resolution was adopted and ordered dispatched to Washington.

#### SENATE CONFIRMATION.

Washington, May 25.—The senate in executive session today confirmed the following nominations: Commissioner general of immigration, Frank P. Sargent, Illinois.

#### AN HONORED ARIZONIAN.

Boston, Mass., May 25.—(Special.)—Among the successful candidates for the bachelor of law degree at Georgetown university is Lawrence E. A. O'Keefe, of Rucker, Arizona.

## EITHER AMNESTY OR A GREAT STRIKE

#### It is Possible that the Outbreak Will Come Today.

St. Petersburg, May 26.—The position of the government on the amnesty and agrarian propositions will not satisfy the general cry. A dispatch to the Associated Press from Moscow tonight says that the denial of full amnesty probably will be followed by a general strike. Similar news has been received from other industrial centers.

If today passes without a general amnesty, or if only a limited amnesty should be granted, a general strike is expected. Hundreds of people are leaving the city, apprehending a recurrence of the scenes of last December or collisions between the Black Hundreds and the strikers. The strike has already begun in the suburb of Bogodorsky.

On account of the festival of the Ascension, a great multitude gathered today at the monastery of St. Nicholas on "Holy Lake," in the outskirts of Moscow, and workmen in the crowd attempted to organize a demonstration, whereupon Cossacks charged the crowd fiercely. Many innocent persons, including women and children, were ridden down and lashed with the Cossacks' whips. Two persons were killed. At another demonstration, near the Spassky gate, a policeman's skull was fractured.

#### WEATHER TODAY.

Washington, May 25.—Forecast—Arizona: Fair Saturday; warmer in north portion. Saturday fair.

## EVEN MURDER WAS ORDERED

#### To Protect the Standard Against Competition

#### Startling Testimony Brought Out at Yesterday's Interstate Commerce Commission Investigation.

Cleveland, May 25.—A total of nineteen witnesses were called by the interstate commerce commissioners Prouty and Clements in the Standard Oil inquiry here today. The commissioners, counsel and everybody else connected with the investigation, put in a full day and the work of two sessions was prolific of substantial results. Testimony bordering on the sensational was obtained from several witnesses. That of George L. Lane, of Mansfield, O., a former employee of the Standard Oil company, was regarded as particularly important.

According to his evidence, Lane was for about fourteen months, in 1901 and 1902, employed by the Standard Oil company for the particular purpose of driving all of the independent oil peddlers in a dozen or more of the principal cities and towns of northern Ohio out of business. He said he was employed by G. M. Lyons of the Cleveland office of the Standard Oil company to go to certain designated places and use every means, fair or foul, to force the independents to quit. He described the methods pursued in detail.

"My instructions," he said, "were to kill them, and I was told that if I could not do the job, somebody else would be sent to take my place. I worked in Youngstown and surrounding small towns, Canton, Girard, Warren, Ravenna, Massillon, Mansfield, Elvira, Oberlin and other places. In all of the towns with the exception of Youngstown the independent peddlers were forced to abandon their business. In Youngstown a man named Wm. H. Vahey was encountered, and despite everything we could do he held his trade. We gave oil away by the barrel and tank load, but it did not do any good. Vahey's customers threw it away."

Miss Elizabeth Protsman, a stenographer and bookkeeper in the Dayton office of the Standard Oil company, testified that information concerning the oil shipments of rivals was brought into the office by draymen and that she made a careful record of it and gave it to her superior.

Further inquiries succeeded in establishing the general fact that the Standard has an immense telegraph system of its own, extending nearly to every part of the country, and that in carrying on its great volume of trade it does not often require the use of the regular lines of the two big telegraph companies.

D. E. Byles, secretary and treasurer of the Independent Refining company, limited, of Oil City, offered testimony concerning the railroad discrimination against his company, especially by the Lake Shore and Pennsylvania roads, which had practically driven his company out of the entire New England field, and that in order to hurt its business in Indiana, the Standard agents circulated reports to the effect that a Standard Oil concern. Other witnesses told how their independent business was ruined by methods of the Standard.

#### RAINING ON REFUGEES.

San Francisco, May 25.—Rain has been falling here continuously for the past twenty-four hours causing great discomfort to the thousands of refugees still living in the open. A cold, steady drizzle throughout the night, bids fair to continue.

#### PERKINS DISCHARGED.

New York, May 25.—The appellate division of the supreme court today handed down a decision discharging from custody George W. Perkins, whom the supreme court held to await the action of the grand jury on a technical charge by the republican national committee.

## FREE SEEDS REPUDIATED

#### Farmers Protest Against Wasteful Uselessness

#### The Senators Were Begged to Restore the Agricultural Appropriation Bill to Its Original Form.

Washington, May 25.—Those members of the house of representatives who accepted the statements of Representative Gafney of Tennessee and others that the farmers of the country were demanding free seeds from a paternalistic government, are likely to learn to their cost that the intelligent farmers repudiate their generosity and are inclined to look the "gift horses" in the mouth most critically. Practically every agricultural periodical which has appeared since the house voted in favor of free seeds has denounced its action in strong terms. The members who voted for free seeds are now being made the more uneasy by the receipt of resolutions adopted by the executive committee of the National Agricultural Press league, condemning the practice and maintaining that it is not approved "by self-respecting farmers or farmers' associations." The committee met in St. Louis on May 12 and not only adopted resolutions but directed that they be sent to every senator and representative and to all the agricultural papers. The resolutions adopted were as follows:

"Resolved, That the National Agricultural Press league is opposed to the government distribution of free seeds except so far as it is necessary for experimental purposes in the introduction of new, rare and valuable seeds within the meaning of the original act authorizing seed distribution. The distribution of ordinary field, vegetable and garden seeds as a gift from the government is a degeneration from the original purpose and is not approved in principle or practice by self-respecting farmers or farmers' associations throughout the country, and there is no more to be said in favor of government seed distribution as at present conducted than there would be in favor of a regular distribution to farmers or any other class of citizens of free form, free sugar or free flour at the expense of the taxpayers of the country."

"It is directed that a copy of this resolution be sent to all senators, members of congress, the United States agricultural department, agricultural papers and to others interested."

The resolution is signed by Philip H. Hale, Charles F. Mills, John M. Stahl, executive committee Agricultural Press league.

After this action it seems there can be no doubt as to where the agricultural press of the country stands on the proposition. While the senate committee on agriculture has the matter under consideration letters and telegrams poured in on the senators from the daily press, the agricultural press, the seed trade, farmers' organizations and others urging them to restore the appropriation to its original form and to stop this waste of public money and unwarranted perversion of a once useful custom. In spite, however, of the protests, the provision was adopted in the bill which passed today.

#### COAL ROADS INQUIRY.

The Investigation Adjourned Until a Time Not Determined Upon.

Philadelphia, May 25.—Several interesting developments marked the closing sessions of the interstate commerce commission's investigation into the alleged discrimination by railroads in the distribution of cars in the bituminous coal fields. The commission adjourned today to meet at a time and place to be decided upon later. Next week the members of the commission will go to Washington to examine the evidence presented during the hearings in this city, and it is likely the investigation will be resumed in that city either the latter part of next week or early the following week.

Testimony of a sensational character was given today by F. Albert Von Koenig, general manager of the Reckert Bros. Coal company, coal operators, with offices in this city. He stated that within the last two and a half years his company's car supply had been so inadequate that its business had been practically ruined.

#### K. C. TURF MEN.

Arrested for Violating Missouri's Pool Selling Law.

Kansas City, Mo., May 25.—The grand jury today returned six indictments against Dr. J. S. Gardner, president of the Kansas City Jockey Club, and Chas. Oldham, a bookmaker, for violation of the pool selling act passed by the last legislature.

It was charged in the indictments that they violated the law last Saturday in the races at Elm Ridge track.

#### WORK OF A TORNADO.

Dallas, Tex., May 25.—A special from Waxahachie, Texas, says the residence of J. D. Duke, a farmer living eight miles east of Waxahachie was struck today by a tornado and demolished. An infant was killed and other members of the family were injured.

#### WENT OVER TO MONDAY.

Washington, May 25.—The senate committee on privileges and elections today adjourned without taking action in the smoot case. So many members of the committee are absent, no vote was had.

## ENA COMES TO HER OWN

#### Arrival of Spain's Future Queen at Madrid

#### The Spanish Populace Is Already Rending the Air with Praises of Her Charms.

Madrid, May 25.—The arrival of the future queen of Spain at the Prado Palace this evening was the signal for a magnificent ovation testifying Spain's welcome to her new sovereign. It was dusk as King Alfonso and Princess Ena entered the royal station. Awaiting there were the queen mother, the Infantas Isabella, Eulalia and Marie Theresa, Prince Ferdinand, the members of the government and officials of Madrid. The queen mother embraced her son and his prospective bride.

The passage of the royal party was greeted with tumultuous cheering and cries of "Long live the queen," and "Long live the king," and "Long live Spain." Grouped on the palace portico were the court dignitaries, presenting an imposing spectacle as the royal party entered the palace.

After entering the palace, King Alfonso directed that the public be admitted to the grounds. The crowds surged up the avenues, forming a dense throng immediately in front of the portico. Then the king appeared on the upper balcony, holding Princess Ena by the hand. The crowd stood with bared heads, too greatly impressed to cheer, but a deep wave of emotion swept over the throng.

Princess Ena, with a radiant smile, gave a characteristic English wave of her hand. King Alfonso and the princess appeared on the balcony three times and saluted the people. This democratic beginning has produced a markedly favorable impression on the public, and all Madrid records tonight with the praise of Princess Ena's charms.

The crowds surged outside the palace grounds for hours, acclaiming the future bride.

## THEIR LAST NIGHT WAS A JOLLY ONE

#### Three Ranchers Near San Diego Cremated in Burning House.

San Diego, Cal., May 25.—Lying under heaps of debris in the cellar of what was the ranch house, of Pat Sweeney, a prosperous, well-liked rancher of Vista, are the charred bodies of Sweeney and two companions of last night, Ned Robertson, an employee of Sweeney, and Jim Carter one of the best known young ranchers of that section.

Liquor and an overturned lamp are said to be responsible for their deaths. The house was totally consumed by fire. About midnight the three dead men, together with Henry Thomas and others, were enjoying a jovial evening together. The four named sat together after the others had gone, and according to Thomas, the only survivor, all drank freely. The lamp was suddenly overturned and the flames enveloped the room immediately. The men made an attempt to extinguish the flames, Thomas finally running out. He said he called to the others, but he does not know whether they were overcome by smoke and flames or were unable to help themselves because of the liquor they drank. The coroner's event to the scene today to investigate.

#### BANKER IMPLICATED.

Other Spiteful Citizens Blow Up a Locomotive.

Tulsa, I. T., May 25.—A locomotive belonging to the Continental Coal company was blown to fragments this afternoon by dynamite, presumably placed on the track by property owners adjoining the railway tracks, who are opposed to its operation. The crew of the locomotive was not injured.

F. W. Kussner, cashier of the First National Bank of Tulsa, has been placed under arrest under a charge of having participated in the affair. He is one of the owners of property which is crossed by the line of track. Other arrests are expected to follow shortly. There is great excitement here and more trouble is expected. The people are all arming themselves.

#### THE KNOWN DEAD.

The Number of San Francisco Earthquake Victims, 402.

San Francisco, May 25.—According to the records to date in the coroner's office, the death list from fire and the earthquake is now 402. The last name added to those who forfeited their lives in the disaster is that of Fred F. Stanley, letter carrier.

#### A VANISHED CITY.

Cleveland, O., May 25.—Fire today destroyed the famous amusement resort known as White City, located on the shore of Lake Erie, a few miles east of Cleveland. Numerous buildings with their entire contents were completely wiped out. Several firemen were overcome by smoke, but so far as reported, no one was seriously injured. The loss is estimated at \$150,000, with small insurance.

## NEW INDUSTRY FOR PHOENIX

#### Iron Reduction Works Near the City

#### A Thirty-five Mile Railroad to Be Built to Connect It With this Point.

Tucson, May 25.—(Special.)—Prof. John W. Prout, Col. Randolph's mining expert, stated today that an iron ore region embracing 600 acres, thirty-five miles northwest of Phoenix, just filed on, would be developed on a big scale. A townsite will be laid out and a big reduction plant erected.

The plans for the development of this immense ore body include a railroad from Phoenix, which will run through Glendale, past the sugar beet factory. Professor Prout had spent a great deal of time exploring that region before submitting his report to Col. Randolph. Professor Prout left for Phoenix tonight.

## "YELLOW" STREAK IN AURELIO HERRERA

#### He Could Not Be Dragged Into the Ring With Battling Nelson.

Los Angeles, May 25.—There was no fight between Battling Nelson, light-weight champion, and Aurelio Herrera tonight, as scheduled. After an almost interminable wait of two and a half hours the crowd was dismissed at ten minutes to eleven o'clock because Herrera refused to weigh in.

Before the crowd of 4,500 was finally dismissed there was a squabble between the fighters and their managers over the weight. Both sides made charges of sharp practices on the part of the other in the matter of weight.

The articles of agreement called for the weighing in at 6 p. m., both men to scale 151 pounds. The men were on hand at the stipulated hour. These were scales there, but Herrera claimed they were out of order and could not be adjusted. After half an hour's argument Jacobs sent Herrera to dinner. After that he refused to allow the Mexican to weigh in. Nelson offered to go to the baths to weigh in, but Jacobs declined.

#### CONQUERED MINE FIRE.

Trinidad, Colo., May 25.—The fire in the Engleville mine is now under control and will be completely extinguished in a few days. Men worked all night fighting the flames, which are now confined to a small area. The damage cannot yet be estimated.
